

Requirements

Answer the following questions according to the requirements below and compose a report of your thoughts. Please limit your report to a **maximum of 3 pages**.

1. List three items you currently want to buy the most. Then search for them on shopping websites like Taobao or JD.com and check if the search results meet your expectations.
2. Analyze the underlying implementation principles of the search function and the possible storage structures for the data.
3. What suggestions do you have to further improve the quality of the search results?

The deadline is **23:59 on 2nd November 2025**.

This is an assignment, not a project. The score will be included into the assignment part.
